# TRU PERFORMANCE

## → FTF FILTERS FOR THERMO KING AND CARRIER BOBTAIL TRUs

Proventia's FTF system is the lowest cost method for making your 2004 and older TRU compliant with the CARB low emission (LETRU) regulations.

### OPERATION PRINCIPLE

The Proventia TRU filter is a Flow Through Filter which collects exhaust soot in a metal filter media holding it until it can be regenerated. The filter regenerates or cleans itself under normal TRU operation without driver intervention.

### APPLICATIONS

- All Thermo King bobtail TRUs from model year 1987 to 2004.
- All Carrier bobtail TRUs from model year 1994 to 2004.

### BENEFITS

- The lowest cost method of compliance with CARB regulations
- Robust design – easy installation
- No fuel penalty
- Better noise reduction than with the original muffler
- No impact on engine performance

### WARRANTY

- 3 years or 1,600 hours (whichever occurs first)

### INSTALLATION KIT

- FTF system
- Back Pressure Gauge

Filters, installation kits and replacement parts available at [www.proventiafilters.com](http://www.proventiafilters.com); or call 800-609-7686 (Canada 612-284-8106) or email [proventia.info@gmail.com](mailto:proventia.info@gmail.com).
